November & December Students Of The Month

November & December's students of the month were: *Michael, Noah & Jennifer.*

Also, congratulations to all of those who received certificates for being Model Students during the month of December.

A Note From Mr. Olson

The next couple of months will be busy for us as a class. We will be starting a unit on rocks and minerals. We will be learning about the different types of rocks. When we are finished we should be able to identify the different types of rocks and determine if it is a hard or soft rock. We will also be creating timelines of the important events in our lives. To learn more yourself please check out the **SCIENCE** and **SOCIAL STUDIES** pages of our class website and scroll down to **ROCKS** or **TIME-LINES** areas. Check out the link at the top of the science page for our science book pages as well. Also, we will be studying money and learning the values and how to add and subtract money.

Remember those who have perfect attendance each month will receive a homework pass

Reminder: If your child is absent please **call** the school or **send a note** to let us know why they were absent - -Thanks !
