

Our class News

August 2010

Mr. Olson's 3rd Grade

WELCOME TO MR.
OLSON'S 3rd GRADE

I have created a web page for our class where your child's work will be posted for you to read. Please be sure to check out all the information on our site. This site will be updated monthly so be sure to check it often! Web address is listed at the bottom of this page.

The Key to success

This year promises a lot of learning. With your help at home (reading each night with your child) your child will show great improvements this coming year. With an extra 15 minutes a night reading or writing (above their normal homework time) you **WILL** see a difference.

Several times this year I will be sending home book club orders. This is a great way to build up a home library of books they can read.(and a cheap way to do it.) There are always books that cost less than \$2.50 each. Your child will also have many chances to bring home books from school to practice with. Please make sure these are returned the

next day because these are always used in the classroom.

Please feel free to call me at school between 8am-3:15pm if you ever have any questions. 730-7798 I will return your call as soon as I can. You can also e-mail me anytime at: solson@vusd.org

Set your calendar

-Aug. 26th -Back to School Night –meet teacher 6-7:00pm

-Aug. 27th –Please

have all school forms returned

—Sept. 3rd—(NO SCHOOL) -

Teacher furlough day

-Sept. 6th—Memorial Day (NO SCHOOL)

Wel come new
3rd graders

I want to take this opportunity to welcome each and everyone of you to our classroom. This is your place to learn and grow in many new ways this year. We are going to be a community of learners that will help each other in every way possible so that everyone will feel welcome in this class. I encourage you to do your best and promise you that you will learn a lot this year!!!!

Reminder:

If your child is absent please **call** the school or **send a note** to let us know why they were absent - -Thanks !

Information cards

Several notes were sent home this last week. If you haven't yet, please read, fill out and return as soon as possible. The Current Health Information card is the most important. This is needed in case of emergencies. Please make sure you have a second or third contact person in case we can't reach you.

CHICKEN FARM

A city slicker moves to the country and decides he's going to take up farming. He heads to the local co-op and tells the man, "Give me 100 baby chickens." The co-op man complies. A week later the man returns and says, "Give me 200 baby chickens." The co-op man complies. Again, a week later the man returns. This time he says, "Give me 500 baby chickens." "Wow!" the co-op man replies. "You must really be doing well!" "Naw," said the man with a sigh. "I'm either planting them too deep or to far apart!"

A WORD ABOUT READING

Dear Parents,

The reading patterns you establish at home directly influence your child's ability to do well in school. Here are a few suggestions:

TIME OUT FOR YOUR CHILD

Studies show that parents spend as little as fifteen minutes a day talking, listening and reading to their children. Yet, it is exactly these activities that encourage a child to read. Make sure that you take time out each day to communicate with your child.

READ TO YOUR CHILD

The very best way to help your child become a good reader is to read to and with them at home. The more children read, or are read to, the better. Books are not the only things to read. Encourage your child to read cereal boxes, street signs, catalogs and magazines.

READING AND WRITING

Teaching a child to write, helps them to read. Keep pencils, paper, chalk and crayons on hand. Young children can learn to form letters and then words. This gives them the opportunity to practice the relationship of letters and sounds. Very young children can dictate to you or an older child. It's also fun to have children write letters to friends and family.

QUIET TIME

The work done in school is reinforced with homework. This gives children time for study and practice. It is very important to set a time for homework and to provide a quiet place where they can do their work. Remember to keep on top of your child's work and stay in touch with your child's teacher.

LIMIT TELEVISION

Most children spend hours in front of the television and only minutes a day reading. Set a time limit on television watching and replace it with quality reading time. When television is permitted, follow it with family discussions.
